

2026-27 CRSFP - Registration of Interest (ROI) Form

Form Preview

Registration of Interest (ROI) – Stage 1 Application

* indicates a required field

Completing an application

If you need further guidance in the application process, are unable to submit the SmartyGrants application or wish to withdraw a submitted application, you can contact ORSR via email or phone: ORSR.Grants@sa.gov.au or 1300 714 990.

If you do contact us throughout the application process, please quote the application number below.

Application Number

This field is read only.

Application Introduction

This Registration of Interest (ROI) form is **Stage 1** of a **two-stage application process** for the 2026-27 Community Recreation and Sport Facilities Program (CRSFP).

The purpose of the ROI is to:

- confirm project **eligibility** at a high level;
- understand the **nature, scale and intent** of proposed projects;
- assess projects **comparatively** against the program objectives and assessment criteria; and
- determine which applicants will be **invited to submit a Stage 2 (Full) Application**.

The ROI is intended to be **short and low burden**. Applicants are **not required** to provide detailed documentation or professional cost estimates at this stage. Applications must request between \$5,000 and \$750,000 in funding under CRSFP. Applicants are encouraged to use the ORSR Sport and Recreation Facilities Cost Guide to help prepare indicative project cost estimates. The guide can be found [here](#).

Important – not all applicants will progress

Submission of an ROI **does not guarantee** an invitation to submit a Stage 2 application.

Due to limited funding and high demand, ORSR will limit the number of projects invited to submit a Stage 2 (Full) Application. Invitations to Stage 2 will be determined having regard to the total funding available, the relative merit of projects, and the need to manage a fair and efficient assessment process. The total value of funding requests invited to Stage 2 is expected to exceed the available program budget to allow for competition.

Applicants that are not invited to Stage 2 may apply again in future rounds.

How the two-stage process works

Stage 1 – Registration of Interest (this form)

At this stage, applicants will be asked to:

2026-27 CRSFP - Registration of Interest (ROI) Form

Form Preview

- confirm organisational and project eligibility through declarations;
- provide a brief description of the project, including need and participation outcomes;
- provide an **estimated project cost range** and indicate funding capacity; and
- confirm readiness indicators such as land tenure and delivery timeframe.

No supporting documents or quotes are required at Stage 1.

Stage 2 – Full Application (**invitation only**)

Applicants invited to Stage 2 will be required to submit a **comprehensive application**, including **evidence** to support all eligibility and assessment requirements.

This will include (but is not limited to):

- professional quotes and/or detailed costings;
- confirmation of all funding contributions and co-contributions;
- landowner consent or proof of tenure;
- plans, drawings or technical specifications;
- financial statements;
- development approval evidence (where applicable); and
- evidence supporting participation, strategic alignment and project delivery.

Failure to provide required evidence at Stage 2 may result in the application being deemed **ineligible**.

Eligibility declarations and verification

Information provided in this ROI is submitted on a **declaration basis**.

By submitting an ROI, applicants acknowledge that:

- all information provided is true and correct to the best of their knowledge;
- ORSR may undertake **verification checks** at any stage of the process; and
- if information provided at ROI cannot be substantiated at Stage 2, the application may be deemed **ineligible**.

Providing false or misleading information may affect eligibility in the current or future funding rounds.

Estimates and funding at ROI stage

At the ROI stage:

- applicants are **not expected to obtain professional quotes** or lock in final project costs;
- applicants must provide a **realistic, evidence-informed estimate** of total project cost (e.g. based on comparable projects, council benchmarks or high-level professional advice); and
- applicants must confirm they have the **capacity** to meet the required minimum co-contribution once final costs are known.

If invited to Stage 2, applicants may adjust their total project cost and requested CRSFP amount to reflect final quoted costs, **provided the request remains within the**

2026-27 CRSFP - Registration of Interest (ROI) Form

Form Preview

funding band nominated at ROI and continues to meet the program's co-contribution requirements.

Amendments

- ROIs will be assessed **as submitted**.
- ORSR will not seek additional information or allow amendments at the ROI stage.
- Applicants will be notified of the outcome of their ROI once the assessment process is complete.

Before you start

Before completing this form, applicants should:

- read the **CRSFP Program Guidelines** carefully;
- ensure their organisation and project meet the eligibility requirements; and
- understand that CRSFP funding is competitive and **not guaranteed**.

If you are unsure whether your project is eligible, you are encouraged to seek clarification **before submitting an ROI**.

Stage 2 Requirements Acknowledgement

I confirm that I have read and understood the information provided about the Stage 2 (Full Application) requirements for the Community Recreation and Sport Facilities Program.

I understand that:

- submission of a Registration of Interest does not guarantee an invitation to submit a Stage 2 application;
- if invited to Stage 2, my organisation will be required to provide full supporting evidence, including
 - professional cost estimates or quotes,
 - confirmation of funding contributions,
 - landowner consent,
 - financial documents and
 - other material outlined in the program guidelines and application form;
 - and failure to provide the required evidence at Stage 2 may result in the application being deemed ineligible.

I acknowledge that no Stage 2 documentation is required at the Registration of Interest stage.

I have read and understood the Stage 2 application requirements. *

☐ Yes

Organisation Details

Address Line 1, Suburb/Town, State/Province, Postcode, and Country are required.

Local Council

State Electorate

Land details

If invited to Stage 2, all projects must evidence written consent from the Landowner. If the applying organisation is the Landowner, you will be required to attach your Certificate of Title for the land.

In relation to the land being developed through this project: *

- ☐ The applying organisation IS the Landowner ☐ The applying organisation IS NOT the Landowner

Is this project located at an education site? *

- ☐ Yes ☐ No

An education facility includes schools, preschools, TAFEs, or universities, any site primarily used for education and learning. If your project is located on school grounds or other education premises, select 'Yes'.

The applying organisation is not the Landowner

You have stated that the applying organisation is not the Landowner. If invited to Stage 2, you will be required to get your landowner to complete the following form, once they have completed it, you will need to upload it below.

[Landowner Consent Form Download](#)

Which statement best describes the land tenure situation for the project? *

- ☐ The land is owned by another party and engagement is underway

2026-27 CRSFP - Registration of Interest (ROI) Form

Form Preview

- ☐ The landowner has not yet been engaged

Additional information regarding land tenure situation

Word count:

Must be no more than 50 words.

Executed licence or User Agreement

If invited to Stage 2, Where a proposed project is located at an education site:

- The application must include a formal, executed agreement (e.g. licence or user agreement) with a community sport organisation (e.g. club or association);
- The agreement must guarantee the community organisation regular, ongoing access outside of school hours to the funded facility for a minimum of five (5) years from the anticipated project completion date.

Which statement best describes the licence or User Agreement situation for the project? *

- ☐ Engagement regarding a licence or User Agreement is underway
- ☐ A licence or User Agreement has not yet been discussed
- ☐ An Executed Licence or User Agreement is in place

Additional information regarding the licence or User Agreement

Word count:

Must be no more than 100 words.

Project Overview and Assessment (Stage 1 – Registration of Interest)

* indicates a required field

This section asks questions that will be used to assess the **relative merit** of projects and determine which applicants will be **invited to submit a Stage 2 (Full) Application**.

Please note:

- Responses should be **high-level** and concise.
- Supporting documents and evidence are **not required at this stage**.
- If invited to Stage 2, you will be required to provide full supporting documentation.

Project Summary

Project Title *

2026-27 CRSFP - Registration of Interest (ROI) Form

Form Preview

Word count:

Must be no more than 20 words.

E.g. To construct a new change room facility at the Joe Blogs Reserve, Adelaide

Please describe what you are proposing to deliver. *

Word count:

Must be no more than 100 words.

Provide a short description of your project - Be descriptive, but succinct. Include a brief summary of who this project is for (i.e. beneficiaries), what you will do (i.e. the activities you will perform), and what effects you expect to result from your activities (outcomes). Go to the SmartyGrants [Answers Bank](#) if you need some ideas about how to frame your response.

What is the project facility category *

☐ New/Upgraded changeroom/s

☐ Playing surfaces

☐ Lighting

☐ Aquatic facility

☐ Recreational trail

☐ Water or energy saving initiative

☐ Other:

At least 1 choice must be selected. Projects that select 'other' may be contacted during the screening stage to ensure the project is eligible. If your project falls outside the listed please contact Funding Services on 1300 714 990 to find out if your project is eligible.

Project Need

Describe the need or issue the project is addressing. Your response should explain:

- the current problem or limitation,
- why the project is required now, and
- what would happen if the project does not proceed.

*

Word count:

Must be no more than 150 words.

Please upload photographs that demonstrate the current condition of the facility or infrastructure relevant to this project.

Attach a file:

Photographs should clearly show the issue, limitation, deficiency or opportunity that the proposed project is intended to address.

Which statement best describes the current limitation the project is addressing? *

- ☐ Minor limitation - Current infrastructure is functional and meets most needs, with only minor limitations in participation, access, or user experience.
- ☐ Moderate limitation - Current infrastructure limits some participation, access, or user experience, but activities can still generally occur.

2026-27 CRSFP - Registration of Interest (ROI) Form

Form Preview

- Significant limitation - Current infrastructure materially restricts participation, access, scheduling, or safe use, and may not meet current standards or expectations.
- Critical limitation - Current infrastructure is not fit for purpose, significantly restricts participation or access, and/or presents safety or compliance issues requiring urgent intervention.

Participation and Community Benefit

Describe how the project will benefit participants and the community. Your response may include:

- who will use the facility,
- how participation or utilisation will change,
- any benefits for inclusion, accessibility or equity, and
- whether the facility will support multiple user groups.

*

Word count:

Must be no more than 150 words.

Indicate the activities of the primary users of the facility upgrade *

| ☐ Diving | ☐ Martial Arts | ☐ Sport Climbing | ☐ No Specific Organisational Activity (Health) |
| ☐ Dragon Boat | ☐ Motor Sport | ☐ Squash / Racketball | ☐ Ineligible Activity |
| ☐ Equestrian | ☐ Motorcycling | ☐ Surf Life Saving | ☐ Other: <input type="text"/> |
| ☐ Fencing | | | |

No more than 5 choices may be selected.

Please select all activities that apply to this application.

What is the target gender(s) for this project? *

- ☐ Male ☐ Female ☐ Other ☐ Different term

Please select all relevant genders.

What age groups is your project targeted at? *

- ☐ [0-4] ☐ [5-12] ☐ [13-17] ☐ [18-25] ☐ [26-54] ☐ [55+]

Please select all relevant age groups.

How broadly will the completed project be used? *

- ☐ Single-use - One sport or one user group only.
☐ Limited shared use - One sport with multiple teams/programs.
☐ Multi-user - Two sports or multiple organisations/user groups.
☐ Broad community/shared use - Three or more sports/user groups and/or ongoing school/community/shared facility use.

What level of increase in participation or utilisation is expected from this project? *

- ☐ Minimal - primarily maintains current use
☐ Modest - some increase in use or improved programming capacity
☐ Significant - clear increase in participation and/or utilisation
☐ Transformational - substantial increase in participation, utilisation, or new user access

Based on your best estimate of how use or participation will change as a direct result of the project.

Strategic Alignment

Describe how the project aligns with relevant plans or priorities. This may include alignment with:

- local council plans or facility strategies,
- State Sporting Organisation priorities,
- ORSR policies or objectives, or
- other relevant strategic documents.

You are not required to upload documents at this stage.

*

2026-27 CRSFP - Registration of Interest (ROI) Form

Form Preview

Word count:

Must be no more than 100 words.

Deliverability and Readiness

It is anticipated that successful applicants will receive funding in March 2027.

Should a successful grantee be unable to meet the 12 month construction commencement timeframe, funding may be recalled.

What stage of project development has been reached? *

- ☐ Early concept - Broad idea only; scope still being developed.
- ☐ Defined concept - Scope identified and indicative costs understood.
- ☐ Advanced planning - Concept/design developed, delivery pathway understood, and key approvals/funding discussions underway.
- ☐ Ready to proceed - Scope and costs are well developed, and approvals pathway is clear.

Will construction associated with the project commence within 12 months of receiving funding (grant payment likely to be released in March 2027)?

- ☐ Yes - construction will begin before March 2028
- ☐ No - construction will not begin before March 2028
- ☐ Unsure

Estimated Project Start Date *

Must be a date and no earlier than 1/2/2027.

When do you estimate the project will break ground?

Are there any known issues that may affect delivery of the project? *

Word count:

Must be no more than 100 words.

(e.g. planning approvals, site constraints, unresolved agreements)

Project Costs and Funding Sources

*** indicates a required field**

Project Cost Estimates

(Stage 1 - Registration of Interest)

This section collects indicative project cost information to assist ORSR in understanding the scale, feasibility and value-for-money of the proposed project.

At the Registration of Interest (ROI) stage, costs are estimates only.

2026-27 CRSFP - Registration of Interest (ROI) Form

Form Preview

Important information – please read before completing this section

- You are **not required** to obtain professional quotes or finalise project costs at the ROI stage.
- Cost estimates should be realistic and evidence-informed.
- Applicants are encouraged to use the **ORSR Cost Guide**, which provides benchmark rates for common sport and recreation infrastructure projects.
- Estimates may also be informed by:
 - comparable projects;
 - council benchmarks;
 - State Sporting Organisation guidance; or
 - high-level professional advice (concept stage).
- If invited to submit a **Stage 2 (Full) Application**, you will be required to provide **professional cost estimates or quotes** for all major project costs.

ORSR Sport and Recreation Facilities Cost Guide

To assist applicants in preparing realistic, evidence-informed project cost estimates at the Registration of Interest (ROI) stage, ORSR has developed a Sport and Recreation Facilities Cost Guide in partnership with Rider Levett Bucknall (RLB).

Applicants are strongly encouraged to use this resource when preparing project cost estimates. Where applicants already have access to professional cost estimates, quantity surveyor advice, quotations or other reliable project-specific cost information, they are encouraged to use that information when developing their estimates.

The Cost Guide provides indicative benchmark costs for a range of community-level sport and recreation infrastructure projects, including buildings, playing surfaces, courts and lighting.

The guide can be found [here](#).

The Cost Guide should be used as a planning tool only and does not replace project-specific quotations, estimates or professional advice. The benchmark costs are based on typical community-level facilities and standard site conditions. Actual project costs may vary depending on factors such as:

- site conditions or constraints;
- regional location;
- project-specific design requirements; or
- works not included in the benchmark rates (e.g. demolition, service upgrades, site works, external works or other project-specific requirements).

Applicants invited to submit a Stage 2 – Full Application will be required to provide appropriate evidence to support project costs, such as professional estimates and/or quotations.

Eligible costs only

Only include costs that are:

- **eligible** under the CRSFP Program Guidelines; and

2026-27 CRSFP - Registration of Interest (ROI) Form

Form Preview

- **directly related** to delivering the project described in this application.

Do **not** include:

- costs already incurred;
- recurrent operational or maintenance costs; or
- ineligible items listed in the Program Guidelines.

GST treatment

When providing cost estimates:

- Do **not** include cents – round all amounts to whole dollars.
- If your organisation is **registered for GST**, list all costs **exclusive of GST**.
- If your organisation is **not registered for GST**, list all costs **inclusive of GST**.

Cost certainty (ROI stage)

At the ROI stage, applicants may optionally indicate whether estimated costs are **confirmed** or **unconfirmed**.

- **Confirmed** costs: Based on high-level professional advice, benchmarking or preliminary pricing.
- **Unconfirmed** costs: Estimates that will be refined once further planning or professional input occurs.

You are **not required** to have confirmed costs at this stage.

All applications must contribute a minimum of 50% in funding towards the project unless the facility is physically located within a geographical catchment area that is experiencing socio-economic disadvantage.

Trail Projects

Applications where the predominant outcome is the upgrade or construction of a trail must contribute a minimum of 25% in funding towards the project.

Project Budget (Expenditure)

Please provide an estimated breakdown of the major costs associated with your project.

You do not need to itemise every individual expense. Focus on the **main cost components** that comprise the project.

Expenditure type	Expenditure description	Expenditure amount (budgeted)	Is this cost confirmed?
Please select the type of expenditure.	Provide a clear description for each cost item.	Enter the estimated total cost for each item.	

2026-27 CRSFP - Registration of Interest (ROI) Form

Form Preview

	Examples such as site preparation / demolition, Construction / installation works, Materials and equipment. etc.	Must be a dollar amount.	

How cost estimate was developed

Briefly describe how your cost estimate was developed (e.g. prior project, council estimate, quotes, ORSR Cost Guide). *

Word count:

Must be no more than 50 words.

Total Estimated Cost of the Proposed Project

Total Project Cost

This number/amount is calculated.

What is the total budgeted cost (dollars) of your project?

If your project has received funding from the SA Football Facilities Fund you cannot include this amount as part of your co-contribution requirement. If you are unsure of your eligibility, please contact the Office for Recreation, Sport and Racing or the South Australian National Football League. *

☐ I confirm that the co-contribution funding source does not include funds from the SA Football Facilities Fund (SANFL).

If your project has received State Government funding, that funding cannot be used to meet the co-contribution requirements, unless it is provided by the State Government in its capacity as the landowner.

☐ Where State Government is not the landowner, I confirm that the State Government is not listed as a co-contribution funding source.

Confirmation that none of the funding sources that will be listed below will include funds derived from an insurance payout. *

☐ I confirm that no funding source will include funds from an insurance payout.

Project Funding (Income)

Please list each of the project funding sources below.

2026-27 CRSFP - Registration of Interest (ROI) Form

Form Preview

Co-contributions are limited to confirmed cash contributions and in-kind materials and labour.

Do not include CRSFP request amount.

Funding description	Funding Source	Income amount to date (actual)	Is this funding confirmed?
Provide a clear description for each Funding source	Please select the type of income	Enter the actual amount of income from this funding source that has been received to date. Must be a dollar amount.	

Funding Sources Total (not including CRSFP)

\$

This number/amount is calculated.

Minimum co-contribution check

The check below needs to read at least 50% unless one of the following points are met and then a minimum 25% must be achieved:

- The application meets the requirements for low SEIFA (eligibility outlined in program Guidelines).
- The predominant outcome of the application is for the upgrade or construction of a trail.

Applicants co-contributions as a percentage:

This number/amount is calculated.

Co-contribution Capacity Declaration

Please confirm the following:

I confirm that my organisation has the capacity to meet the program's minimum co-contribution requirement (50%, or 25% where applicable) once final project costs are confirmed. *

☐ Yes

Amount Requested from the Office for Recreation, Sport and Racing

2026-27 CRSFP - Registration of Interest (ROI) Form

Form Preview

The amount requested at the Registration of Interest stage is indicative only and based on estimated project costs. Applications must request between \$5,000 and \$750,000 in funding under CRSFP.

If invited to submit a Stage 2 application, applicants may adjust their requested amount where professional cost evidence demonstrates that the total project cost differs from the initial estimate.

Any adjusted request must:

- be supported by professional cost evidence;
- maintain the required minimum co-contribution based on the final project cost; and
- not exceed the maximum funding amount available under the program.

ORSR may decline to consider increases that reflect a material change in project scope rather than genuine cost refinement.
